Dear Sir:

Enclosed please find an assignment recordation cover sheet and assignment document that were previously submitted for recordation on January 31, 2007, and were recorded on Reel 019077 Frame 0001.

Due to USPTO error, a signature page of the submitted assignment document is missing from the recorded document. The signature page includes the signatures of Mark S. Stickel (President of Primary PDC, Inc.), Thomas L. Beaudoin (COO/CFO Polaroid Corporation), and Brian M. Smith (Notary Public), and should appear at Frame 0009. Further, a blank page, which was not included in the originally submitted assignment, appears at Frame 0218. Therefore, the total page count of 389 matches for the documents as submitted and the documents as recorded. However, the contents of the submitted and recorded documents do not match.
